

HEMAS HOSPITALS EXPANDS WITH SECOND FACILITY IN GALLE

Galle. Thursday 05th March 2009. The official opening of the state-of-the-art Hemas Southern Hospital took place in Galle under the patronage of the Governor of the Southern Province Hon. Kumari Balasuriya and Chief Minister of the Southern Province Hon. Shan Wijelal De Silva.

Strategically located on the Galle - Wakwella Road in close proximity to the Galle Town, the Hemas Southern Hospital is a fifty bed facility. With the support of a team of eminent specialist consultants and equipped with all modern equipment, the Hospital is geared to cater to the diverse healthcare needs of the Southern Province. The in-patient facility easily ranks best among the private hospitals in the Southern Province.

Chairman Hemas Hospitals Murtaza Esufally said, “We’re happy to bring our patient-centric, affordable, high quality health services to the people of the Southern Province within months of the launch of our flagship Wattala Hospital. Healthcare is not an area new to the Hemas Group. With experience in the pharmaceutical sector for more than 60 years, we’re committed to further enhancing the provision of health services to Sri Lankans with this Rs. 500 million investment in Galle”

Chief Operating Officer of the Hemas Southern Hospital Dr. Sajeewa Narangoda said, “The previous Southern Hospital in Galle was well known among the residents of the Southern Province for more than two decades. The Hemas acquisition of the Southern Hospital saw a basic Nursing Home being transformed in record time into a fully fledged secondary care General Hospital. The Hemas Southern Hospital is today a state-of-the-art quality healthcare provider manned by some of the best and highly skilled medical professionals and powered by patient centric process flows that will undoubtedly add value to the entire healthcare industry on the Southern coast”.

The launch of the Hemas Southern Hospital in Galle marks the further expansion of Hemas Hospitals in the healthcare service industry where it is committed to bring new standards of medical care to its patients. The multi-specialty, flagship 100 bed Hemas Hospital in Wattala is a technologically advanced facility catering to the medical needs of the entire family. With reputed Sri Lankan medical practitioners and trained nursing staff, it operates full services providing patient-centric, affordable, high quality health services to the people of the Gampaha district.

Hemas Group is one of the leading conglomerates in Sri Lanka with a focus on five key sectors - FMCG, Healthcare, Transportation, Leisure and Strategic Investments.

Governor of the Southern Province Hon. Kumari Balasuriya and Chief Minister of the Southern Province Hon. Shan Wijelal De Silva unveil the commemorative plaque to mark the opening of the Hemas Southern Hospital in Galle. Also in the picture are the Mayor of Galle His Worship Methsiri de Silva, Chairman Hemas Hospitals Murtaza Esufally, Chief Operating Officer of the Hemas Southern Hospital Dr. Sajeewa Narangoda and Director Medical Services of Hemas Hospitals Dr. Aruna Rabel.
